Letter No 7223 D 20 2 192[illegible] from the Chief Engineer stating that as the 90 of 19th Dec 1928 re establishment tool and plant charges may also be applied also in the case of Chamarajendra water works also and as regards the refund of charges it is not possible to refund the amounts recovered on closed works for which Completion reports have already been sent etc

The Chief Engineer's letter is submitted for perusal and orders

The Bangalore Cantonment Board, Bangalore City etc etc had applied a few days ago requesting that as establishment, tools and plant charges be levied as the case of Chamarajendra water works. These papers have been referred by the W.O. to the Chief Engineer on 1.2.1929 for opinion and to the Chief Secretary has now stated

I agree with the Chief Engineer that it is not possible to reopen schedules already closed. The draft G.O. may be amplified as suggested by C.E.

A draft G.O. is submitted separately for the Cabinet. In the draft, it is stated that the G.O. of 13th Dec 1928 as amplified may be extended to the Bangalore city water works also. Hence a separate draft G.O. on the file placed below is perhaps unnecessary

Sir,

Adverting to G.O.No.L.4319-21/M1.84-26-26 dated the 19th December 1928, directing that no establishment and tools and plant charges be levied on works carried out by the Public Works Department, I have the honour to request you will be so good as to obtain orders of Government to apply the procedure in the case of the Chamarajendra Water Works (Bangalore Water supply) also.

2. As regards the refund of charges, if any, recovered since 1st April 1927, I have to inform you that it may not be possible to refund the amounts recovered on closed works for which completion reports have already been sent. The order may have effect from 1st January 1929 subject to the deduction being shown in the case of works now in progress or for which completion reports have not been yet sent.

Sir,

With reference to Government Order No I 1210-21 Fl 24-28-24 dated 10th December 1928 directing that the Municipal Council, Mysore, should pay the charges on account of direction and audit at 1½ and one per cent respectively together with five per cent of the cost of the establishment of the office of the Executive Engineer, Water Supply Division, on account of supervision charges on contribution works carried out at Mysore, I have the honour to state that it is not clear to me what Government intend by the expression "5 per cent of the cost of establishment of the office of the Executive Engineer, Water Supply Division on account of supervision charges" and how it is to be recovered. Usually what is recovered for contribution works is a percentage of the estimated outlay and it is not known if the intention of Government is that 5% of the estimated outlay should be recovered for each contribution work.

In these circumstance , I request the issue of clear orders in the matter.
